ZDRAVLJE I LEPOTA, OD PRIRODE!

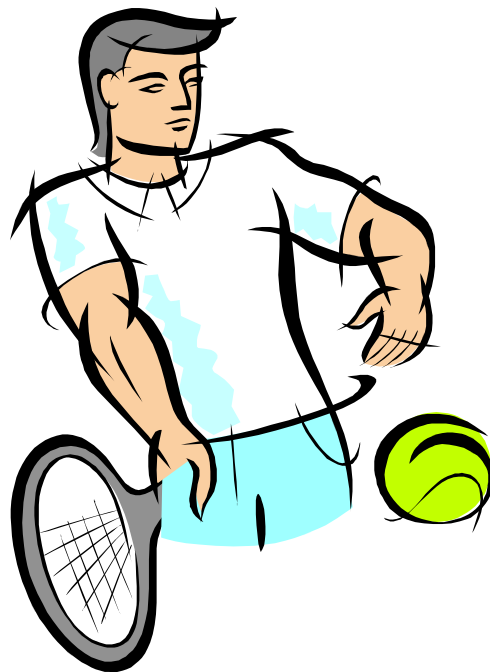

PINUSAN KREMA

Za revitalizaciju tkiva posle trauma

Prirodno sredstvo pogodno za revitalizaciju i saniranje oštećenog ubojnog tkiva posle trauma, preloma i uboja. Omogućava brzu resorpciju i nestanak otoka i podliva.

Način upotrebe: nanosi se na ugroženo mesto i ovlaš utrlja dva puta dnevno. Preko noći staviti gazu preko ugroženog mesta i zaviti elastičnim zavojem.

Sastojci, mešavina ekstrakta odabranog bilja: jela (Albies alba), kamilica (Matricaria chamomilla), čičak (Articum lapa).
Ostali sastojci: hidrosolubilna podloga, tečni parafin, prečišćena voda.
Krema je bez konzervansa.

PINUSAN CREAM

For tissue rehabilitation after traumas

Natural product useful in revitalisation and rehabilitation of injured and damaged tissue, after traumas, fractures and impacts. It provides fast resorption and wane of tumescence.

Usage: Put over on affected spot and softly rub in twice a day. During the night, put gaza strip over the cream, and wrap with elastic bandage.

Ingredients, mixture of watery extracts of chosen herbals:
Fir (Albies alba), Chamomile (Matricaria chamomilla), Greater burdock (Articum lappa), hydrosolubil base, liquid paraffin, cleared water.

Without contraindications and undesirable effects.
Without conservans.

MIORELAX FORTE

Hladno-topli losion za masažu

Prirodno sredstvo za zagrevanje i opuštanje fizički opterećenih zglobova i mišića. Omogućava brz oporavak.

Način upotrebe: nanosi se blagim utrljavanjem.

Sastojci, mešavina vodenih ekstrakta odabranog bilja: kamilica (*Matricaria chamomilla*), nana (*Mentha piperita*), anis (*Pimpinella anisum*), hajdučka trava (*Millefolium herba*), hladno ceđeno ulje kukuruznih klica (*Oleum maydis*).

Ostali sastojci: hidrosolubilna podloga, tečni parafin, prečišćena voda. Krema je bez konzervansa.

MIORELAX FORTE

Cold-Warm massage lotion

Natural product, useful in warming and relaxation of physically forced knuckles and muscles. It provides faster recovery.

Usage: To be softly rub in.

Ingredients, mixture of watery extracts of chosen herbals: Chamomile (*Matricaria chamomilla*), Tame mint (*Mentha piperita*), Anise (*Pimpinella anisum*), Yarrow (*Millefolium herba*), cold filtrated corn seed oil (*Oleum maydis*), hydrosolubil base, liquid paraffin, cleared water.

Without contraindications and undesirable effects.
Without conservans.

MYRBOL KREMA

Protiv bolova

Prirodno sredstvo za smanjenje i otklanjanje bolova u vrlo kratkom vremenskom periodu. Pomaže kod bolova u mišićima i zglobovima, nagnječenja i sportskih povreda.

Način upotrebe: nanosi se blagim utrljavanjem na bolno mesto, slepoočnice, čelo i ispod nosa. Efekat je veći ako se krema upotrebi kada se jave prvi simptomi bola.

Sastojci, mešavina vodenih ekstrakata odabranog bilja: crvena paprika (*Capsicum annum*), hajdučka trava (*Millefolium herba*), hladno ceđeno ulje kukuruznih klica (*Oleum maydis*).

Ostali sastojci: hidrosolubilna podloga, tečni parafin, prečišćena voda. Krema je bez konzervansa.

MYRBOL CREAM

Against pains

Natural product, useful in reduction and removal of pain, in a very short period of time. It helps with muscle and knuckle pains, contusions and sport injuries.

Usage: to be put over softly on painful spot, like temporal bone, forehead and under nose. The effect is greater if the cream is used when first symptoms of pain occur.

Ingredients, mixture of watery extracts of chosen herbals: red paprika (*Capsicum annum*), Yarrow (*Millefolium herba*), cold filtrated corn seed oil (*Oleum maydis*), hydrosolubil base, liquid paraffin, cleared water.

Without contraindications and undesirable effects.
Without conservans.

HLADNA SPORTSKA KREMA

Za sportske povrede

Prirodno sredstvo koje ubrzava povratak sportiste na teren posle povreda. Cilj preparata je da kod sportista spreči sportsku ili radnu invalidnost. Krema prijatno hladi, otklanja bol, žarenje, težinu i zamor u nogama, omogućava bržu resorpciju i nestajanje hematoma.

Način upotrebe: Nanosi se na ugroženo mesto, direktno iz tube, i ovlaš utrlja dva puta dnevno. Preko noći staviti gazu preko povređenog mesta i zaviti elastičnim zavojem.

Sastojci, mešavina ekstrakta odabranog bilja: kamilica (*Matricaria chamomilla*), anis (*Pimpinella anisum*), nana (*Mentha piperita*).
Ostali sastojci: hidrosolubilna podloga, tečni parafin, prečišćena voda.
Krema je bez konzervansa.

COLD SPORT CREAM

For sport injuries

Natural product, which speeds up returning sportsmen to the field. The goal is that this product prevents sportsmen from having sport or work disability. The cream is pleasantly cooling, removes pain, burning, heaviness and leg fatigue. It provides faster resorption and wane of hematomas.

Usage: To be put over on irritated spot, directly from the tube, and softly rub in twice a day. During the night, put gaza strip over the cream and wrap with elastic bandage.

Ingredients, mixture of watery extracts of chosen herbals: Chamomile (*Matricaria chamomilla*), Anise (*Pimpinella anisum*), Tame mint (*Mentha piperita*), hydrosolubil base, liquid paraffin, cleared water.

Without contraindications and undesirable effects.
Without conservans.

BRONHOASMEL sport

Sirup za sportiste

Prirodni proizvod, kao dijetetski suplement, namenjen opštoj populaciji. Baziran na fiziološkim svojstvima aktivnih principa iz 25% mešavine ekstrakta odabranog bilja. Aktivni principi ekstrakta omana-devojačke trave čine primenu proizvoda korisnim u stabilnom održavanju disajnog trakta, pri čemu se sportista dovodi u stanje da mobilize sve svoje potencijale vezane za respiratorni sistem, čak i one koji su blokirani i služe kao neprikosnovena rezerva. Preparat se koristi samo u vitalnim slučajevima.

Upotreba ovog preparata, za razliku od doping sredstava, ne dovodi do oštećenja zdravlja.

Preparat spada u grupu dozvoljenih sredstava.

Način upotrebe: uzima se jedan obrok (supena kašika), jedan sat pre napora.

Sastav: 25% mešavina vodenih ekstrakata omana (*Inula Helenium*).
Ukupni proteini 2,1%, ukupne masti 0,8%, ukupni ugljeni hidrati 47,6%
Sirova energetska vrednost u 100g: 930KJ

Ostali sastojci: Bagremov med, prečišćena voda, aroma voćnog soka.
Sirup je bez konzervansa.

BRONHOASMEL sport

Syrup for sportsmen

Natural product, dietetical supplement, for general population. Based on physiological characteristics of active principles from 25% mixture of watery extracts of chosen herbals. Active principles of Elecampane (*Inula helenium*) and Shepherd's purse (*Capsella bursa pastoris*) make this product useful in stable sustaining respiratory tract. By taking this product sportsmen is brought into condition to start using all his potentials related to the respiratory system, even the blocked ones, which serve as an inviolable reserve.

To be used only in vital cases.

This product, unlike doping substances, do not damage health. It is included into a group of allowed substances.

Usage: One meal (table spoon), an hour before the effort.

Ingredients: 25% mixture of Elecampane (*Inula helenium*) watery extracts.

Total proteins 2.1%, total fats 0.8%, total carbon hydrates 47.6%

Raw energy value in 100g: 930KJ

Rest of ingredients: Acacia's honey, cleared water, fruit juice aroma.

Without contraindications and undesirable effects.
Without conservans.
